On the decision to Extend the Voting Period for a Third Day

- 1- The Presidential Elections Committee announces its confirmation of the issued decision to extend the voting period for a third day.
- 2- The said decision has been issued pursuant to its right to regulate the electoral process in accordance with its mandate stipulated in the law on the Regulation of the Presidential Elections.
- 3- The Committee's decision has been issued in the interest of the voters and to give them a chance to vote under the circumstances of the severe heat wave that is sweeping the country and in response to the wishes of many people as well as some of the political parties that were received by the operations room in the Presidential Elections Committee.
- 4- This decision has been issued to facilitate voting for voters and is not related to the candidates. Also, it has not resulted in any harm for any of them.
